

ALPINESTARS PRODUCT RELEASE

Product Name - **GP PRO SUIT**

Category - **Auto Racing Suit**

Description - **Created using a 3 layer construction, the GP Pro suit offers the driver maximum heat transfer protection whilst also providing superior comfort. A lightweight construction and ergonomic fit combine to provide the ultimate in performance.**

THE GP PRO SUIT KEY FEATURES:

- **FIA Homologated 8856-2000**
- **SFI Approved to 3.2A/5**
- **Construction**
Lightweight three layer suit. 100% Nomex® outer layer with full Carbon-X mid layer and knitted Nomex internal layer for superior comfort. Features Alpinestars fully floating shoulder construction made with a stretchable knit fabric providing freedom of movement and allowing for a greater range of motion.
- **Engineered racing design**
Specially shaped arm pattern and specifically designed three panel leg construction for an increased ergonomic fit in the driving position.
- **Ergonomic flex zones**
Preox stretch side panels help to provide an adaptable fit for differing body shapes. Preox lumbar stretch panel provides greater flexibility and superior fit both in and out of the car.
- **Comfort and convenience**
New shoulder construction, using additional Carbon-X padded panels, gives superior comfort under HANS device and belts. The soft collar is made with knit fabric for superior comfort. Internal flat seam construction for added comfort, improved fit and reduced discomfort at internal pressure points.
